Art Unit: 1647

This application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 C.F.R. § 1.821(a)(1) and (a)(2). However, this application fails to comply with the requirements of 37 C.F.R. § 1.821 through 1.825. Applicant needs to provide a **computer readable form (CRF)** copy of a "Sequence Listing" which includes all of the sequences that are present in the instant application and encompassed by these rules, a **paper copy** of that "Sequence Listing", **an amendment directing the entry of that paper copy into the specification**, and **a statement that the content of the paper and computer readable copies are the same** and, where applicable, include no new matter, as required by 37 C.F.R. §§ 1.821(e) or 1.821(f) or 1.821(g) or 1.825(b) or 1.825(d). The instant specification will also need to be **amended** so that it complies with 37 C.F.R. § 1.821(d) which requires a reference to a particular **sequence identifier** (SEQ ID NO:) be made in the specification and claims wherever a reference is made to that sequence. For rules interpretation Applicant may call (703) 308-1123. See M.P.E.P. 2422.04.

The following paragraph, or language having the same effect, can be used to invoke the procedures of 37 C.F.R. § 1.821(e) in which an identical computer readable form from another application is used in a given application. The paragraph should be incorporated into a **separate paper** to be submitted in the given application:

The computer readable form of the "Sequence Listing" in this application, 08/###,###, is identical with that filed in Application Number 07/###,###, filed March ##, 19##. In accordance with 37 C.F.R. § 1.821(e), please use the [first-filed, last-filed or only-filed, which ever is applicable] computer readable form filed in that application as the computer readable form for the instant application. It is understood that the Patent and Trademark Office will make the necessary change in application number and filing date for the computer readable form that will be used for the instant application. A paper copy of the "Sequence Listing" is [included in the originally-filed specification of the instant application, included in a separately filed preliminary amendment for incorporation into the specification, whichever is applicable].

Applicant is given ONE MONTH, or 30 DAYS, whichever is longer, within which to comply with the sequence rules, 37 CFR 1.821 - 1.825. Failure to comply with these requirements will result in ABANDONMENT of the application under 37 CFR 1.821(g). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). In no case may an applicant extend the period for reply beyond the SIX MONTH statutory period. Direct the reply to the undersigned.
